DETAILED ACTION

1. This Office Action is in response to the Amendment filed 8/13/2003 which has been entered into the record of file.

Claim Objections

2. Claims 25-33 are objected to because of the following informalities:

As per claims 25-33, they should have been the apparatus claims since they depend on apparatus claim 24. Appropriate correction is required.

Allowable Subject Matter

3. Claims 22-24 are allowed.

4. The following is a statement of reasons for the indication of allowable subject matter: the cited prior art fails to show an arrangement of the steps/means for aligning, scaling, adjusting and appointing in order to form a method and apparatus for modifying an animation wireframe as now claimed.

Conclusion

5. This application is in condition for allowance except for the following formal matters as set forth in above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
